

Rania Gabal

Front-End Developer

Cairo, Egypt | 01024508644 | raniareda374@gmail.com | linkedin.com/in/rania-gabal | github.com/RaniaGabal51

PROFESSIONAL SUMMARY

Detail-oriented Front-End Developer with hands-on experience building responsive and interactive web applications using React.js, JavaScript (ES6+), HTML5, CSS3, and Tailwind CSS. Skilled in developing reusable components, integrating RESTful APIs, and managing application state with Redux. Passionate about writing clean, maintainable code, creating seamless user experiences, and continuously expanding expertise in modern frontend technologies.

TECHNICAL SKILLS

Languages:	JavaScript (ES6+), TypeScript, HTML5, CSS3
Frameworks:	React.js, Redux, React Router
Styling:	Tailwind CSS, Bootstrap, SASS/SCSS
APIs:	RESTful APIs, Axios, Fetch API
Tools:	Git, GitHub, NPM, Yarn, Vite, Create React App, VS Code, Chrome DevTools
Concepts:	Responsive Design, UI/UX Principles, Agile / Scrum
Soft Skills:	Problem Solving, Teamwork, Communication, Time Management

PROFESSIONAL EXPERIENCE

- Senior Digital Operations Specialist** – Innovologia *Aug 2024 – May 2025*
- Managed digital operations workflows, improving team coordination and cross-functional process efficiency.
 - Supported end-to-end project execution by collaborating with technical and non-technical stakeholders.

TRAINING & INTERNSHIPS

- Frontend Development Training** – Route Academy *Jan 2026 – Present*
- Completed JavaScript (ES6+) fundamentals and advanced concepts
 - Built projects consuming RESTful APIs using Fetch API and Axios
 - Completed React.js and Redux training with hands-on project development.

- Frontend Developer Trainee** – Digital Egypt Pioneers Initiative (DEPI) *Oct 2024 – May 2025*
Ministry of Communications and Information Technology
- Applied React.js alongside HTML5, CSS3, and JavaScript to build and deliver a complete frontend project.
 - Integrated RESTful APIs to fetch and display dynamic content, following modern web development standards.
 - Collaborated within an Agile team, participating in sprints, code reviews, and iterative feature delivery.

PROJECTS

- Fitness Dashboard Web App** *Mar 2025 – May 2025*
- Built a fully responsive fitness dashboard with React.js and Tailwind CSS, featuring tab-based navigation (Day / Week / Month) and interactive data visualization using Chart.js.
 - Engineered reusable UI components with dark mode support, ensuring a consistent and accessible experience across all screen sizes and devices.

EDUCATION

- Bachelor's Degree – Management Technology & Information Systems** – Port Said University *Oct 2021 – Jun 2025*
